WHAT IS ERC?

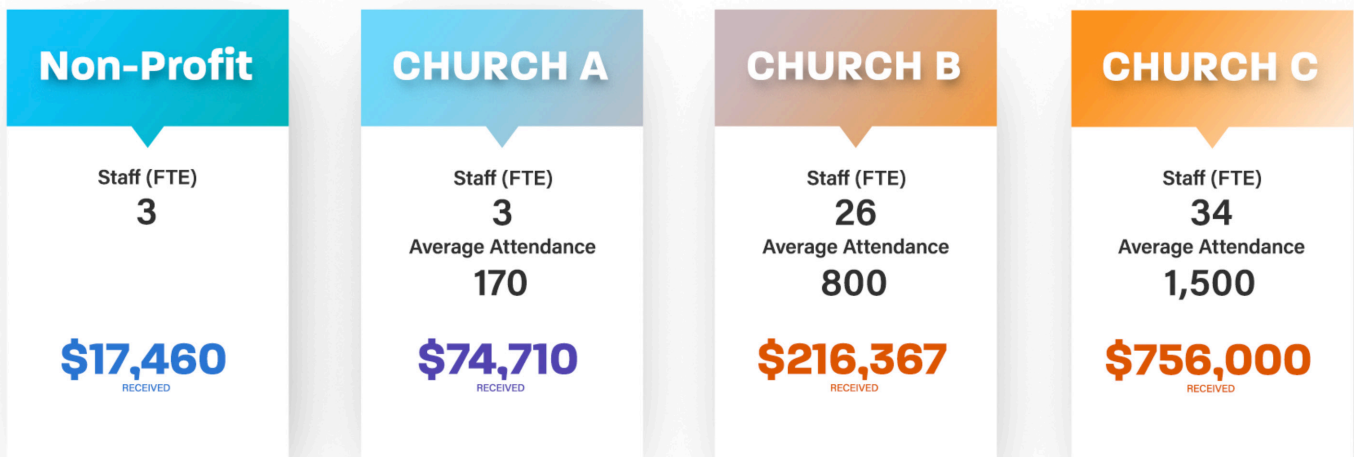

The Employee Retention Credit (ERC) is a cash refund available to churches and non-profit organizations that were affected by government-imposed capacity restrictions or experienced significant declines in gross receipts during the COVID-19 pandemic.

EVEN IF YOU ACCEPTED PPP, YOU MAY STILL QUALIFY FOR UP TO \$26,000 PER EMPLOYEE

The Employee Retention Credit (ERC) provides a valuable opportunity for churches to alleviate the financial burden caused by the COVID-19 pandemic. By taking advantage of this tax credit, churches can receive cash refunds that can be used to support their operations, pay their employees, and continue to provide vital services to their communities.

Whether a church faced restrictions on gathering sizes, reduced tithes and donations, or had to temporarily close their doors, the ERC can provide financial relief and help offset some of the losses incurred during this challenging time. By accessing this credit, churches can navigate the uncertainties of the pandemic while ensuring the stability of their ministry and supporting their staff as they continue to serve their congregation and community.
